# Suchen über Klassifizierung im AWC

The screenshot displays the Siemens AWC classification interface. On the left, a navigation pane titled 'Navigieren' shows a hierarchical tree of classes. The '27-26-01 Resistance' class is highlighted with a green box. Below the tree, a search bar labeled 'Suchen' is also highlighted with a green box. A green arrow points from the highlighted class in the tree to the search bar. The main area on the right shows a grid of component cards, each with a schematic diagram and a title. The visible cards are: '27-26-01-02 Resistor, linear', '27-26-01-03 Varistor', '27-26-01-04 Positive Temperature ...', '27-26-01-05 Negative Temperature...', '27-26-01-06 Fusing resistor', and '27-26-01-07 Potentiometer'. The top of the interface features the 'Klassifizierung' title and the Siemens logo.

The screenshot shows the Siemens AWC classification interface. At the top, it displays 'Klassifizierung' and '335 Ergebnisse wurden für "27-26-01 Resistance" gefunden'. The left sidebar, titled 'Navigieren', contains a 'Klassen' section with a 'Filtern' button. Under 'VERFEINERN', there is a toggle for 'Automatisch aktualisieren' and a 'Freigabestatus' dropdown set to 'Av4\_Freigegeben'. A search box 'Nach Eigenschaft filtern' is present. The 'Freigabestatus' list includes 'Av4\_Freigegeben(335)' (checked), 'Av4\_Inactive(14)', and others. The 'Letzter ändernder Benutzer' and 'Eigentümer' sections are also visible. At the bottom of the sidebar, there is a date range selector and an 'Alle anwenden' button. The main area displays a list of components, each with a 3D model icon, a name (e.g., 'RES LIN 390R 1% 1W'), a part number, and a revision number. A green box highlights the 'Av4\_Freigegeben(335)' filter option, and a green arrow points from it to a green box labeled 'Gefiltertes Ergebnis' which points to the first component in the list.
